Brynlee Queen Plus **Comfort Sleeper®** Sectional

One size doesn't fit all.

That's why we have seven of them.

Choose the **Comfort Sleeper®** that fits your living space – available in King, Queen Plus, Queen, Full, Twin, Cot and Double Cot. All of our sleeping surfaces are a full 80 inches in length, yet they take up less floor area than conventional sleepers (whose mattresses are only 70-75 inches in length) because our patented sleep system extends from within the seat back of the sofa.

**You can't have an amazing
sleeper** with an average mattress.

Three Tempur-Pedic mattresses are stacked diagonally on a light-colored wooden floor. The top mattress is yellow, the middle one is white, and the bottom one is a light cream color. Each mattress has a quilted diamond pattern and a small blue logo. The text boxes are overlaid on the right side of the image.

Tempur-Pedic®—world-renowned.

Comfort Sleeper® is proud to be the only sleeper in the world that offers a Tempur-Pedic® mattress. Tempur-Pedic® foam conforms perfectly to your body, allowing your shoulders and hips to sink into the mattress. This technology virtually eliminates painful pressure points, greatly reducing your body's need to toss and turn.

Gel— a little on the softer side.

For those who prefer a cooler-feeling mattress with all of the benefits of even support across all pressure points, the Comfort Sleeper® now offers a high-quality gel mattress. It absorbs body heat, cooling the surface and providing a comfortable night's sleep.

Premier— a little on the firmer side.

Every Comfort Sleeper® comes standard with our Premier mattress, made with luxurious high-density foam and covered with ultra-soft Crypton® fabric that's waterproof, stain proof, anti-microbial and allergen-free.
